**The Euroshop exhibition in Dusseldorf, Germany, is just days away. Here's what to look out for at this year's event, which kicks off on Sunday 5th of March.**

### 3f Filippi - 3F Emilio

3F Emilio is a new indoor spotlight. Created by Serge and Robert Cornelissen, it is able to illuminate retail areas and offices, thanks to its strong thermal performance and high visual comfort. It includes a compact LED module of CCT, with colour temperatures of 2,700K, 3,000K or 4,000K. The product also features a colour rendering index of CRI >80 or >90.
